IOSH Leading Safely

Business leaders also need to lead on health and safety. **IOSH Leading Safely** aims are squarely focused on coaching you to become an effective leader for health and safety. Uniquely, it comes with a diagnostic tool (a mobile app) to help you analyse your current Health and Safety leadership performance and, most importantly, devise action plans to improve.

The **IOSH Leading Safely** course is workshop based, highly personalised and focused on your organisational needs.

It complements [IOSH Safety for Executives & Directors](#) which focuses on ensuring senior management are fully aware of their joint and individual health and safety responsibilities in the day-to-day running of their organisation.

IOSH Leading Safely is intended for:

- Anyone with leadership responsibilities - senior managers, directors, department heads, executives, board members, business owners, CEO, trustees
- Anyone who aspires to these roles or who wants to understand the language of safety leadership

Course Content

IOSH Leading Safely covers the following topics:

- Diagnosing your current behaviours (using a mobile app questionnaire before the course)
- Understanding safety and health leadership, its importance and key behaviours
- Looking at when things go wrong - case studies
- Getting leadership right - case studies
- Actions and commitment - reviewing your behaviours and making personal commitments for change

Assessment

IOSH Leading Safely is assessed by the quality of your personal action plan.

IOSH Working Safely

IOSH Working Safely seeks to improve the safety culture within an organisation by giving individuals a good understanding of their health and safety responsibilities, and how to keep themselves and others safe at work.

It focuses on why health and safety is important and how individuals can make a real difference to the well-being of themselves and others through changing behaviour. Based on best practice rather than legislation, it's suitable for delegates from all countries and types of organisations.

IOSH Working Safely is designed for all employees, at any level in any organisation and in any sector.

**Approved
training
provider
378**

Course Content

IOSH Working Safely covers the following topics:

- Introducing Working Safely
- Defining hazard and risk
- Identifying common hazards
- Improving safety performance

Assessment

IOSH Working Safely is assessed by a short multiple choice exam and hazard spotting exercise at the end of the course.

If you are studying online, your exam is completed online.
